SKILLS

Languages: HTML, CSS, JavaScript, C#, C++, Java

Frameworks/Libraries: React, Sass, Tailwind

Productivity: Git, Figma

EXPERIENCE

Frontend Developer Intern

Erovoutika Robotics and Automation Solutions **June 2023 - August 2023, Makati City, Metro Manila**

- Gained foundational knowledge in HTML, CSS, and JavaScript, with a focus on building and styling web pages.
- Developed a line-following robot using Arduino, including coding and assembling the hardware to understand the integration of software with physical components.
- Coordinated with a team of 4 peers to share knowledge and insights, contributing to the successful completion of 2 group projects.

PROJECTS

Thesis: MATHEMATIPA – A Game on Mathematics Vocabulary

github.com/adrianjosh/Mathematipa • November 2023 - May 2024

- Developed an educational game to enhance mathematical vocabulary for students, covering topics like Algebra, Statistics, Number Theory, and Geometry.
- Successfully integrated educational content into a game format, making math vocabulary learning more accessible and enjoyable, as indicated by a 4.5/5 satisfaction rating from 295 users.
- Improved students' understanding and retention of mathematical vocabulary by integrating learning with interactive gameplay. Over 80% of participants reported a noticeable improvement in their ability to recall and apply math terms, demonstrating the game's effectiveness as an educational tool.

EDUCATION

Bachelor of Science in Math with Specialization in Computer Science

Bulacan State University • Malolos, Bulacan • 2024 • 1.5 GWA
